Rose Munez—SEE student (Rockhampton)

Hi, my name is Rose Munez. Everyone calls me “Little Rose” because I’m a very short person—just 4ft10 (147cm). My ethnic background is Spanish-Philippines and I grew up speaking Tagalog. When I first attended the SEE program at CEA, I was very shy; I can remember being very nervous that first day. I could not have written this personal story because my grammar was really poor, but now I’ve reached Level 3 in writing and so you’re lucky you get to read about my experiences at CEA. I got lots of support from my teachers and I know I’m a good writer now! But didn’t get support just with my language and

numbers. Thanks to CEA, I am now much more confident as a person. I don’t say, “I can’t do this” but “I’ll put in the effort and ask for help when I need it, and I CAN do just about anything!” So now, I’m studying the Disability Skill Set. I’m finding it very hard but so far I’ve already completed 6 units including, ‘Person-centred behaviour support’ and ‘Facilitate the empowerment of people with disability’. I’ve worked really hard and I feel very proud of myself. The support given to me here from both teachers and other students has been very important so I’m going to come back next year to continue my studies. I’m moving into ‘Individual Support’ including ‘Aged Care’ so maybe one day I’ll meet you.

Jasmine Acheson—SEE student (Rockhampton)

My name is Jasmine Acheson, but they call me Jazzy for short. I go to CEA Training Centre in Rockhampton. My experiences with CEA have been exceptionally great. My confidence and stability were my weaknesses, along with lack of skills in English and Maths. I had trouble communicating with others, especially when I needed help. Since I’ve been at CEA, I now have confidence in all those areas. I’ve met amazing people who’ve taught me life skills in different aspects of life. I can now stand up in front of the SEE class and teach other students when they need help. My

confidence has improved so much that now I’m doing Certificate II in Health Services as well as continuing to improve my Literacy and Numeracy skills in the SEE program. I’ve made so many friends and right decisions in my life since I have been here. I’m very grateful to teachers and students of CEA and I’m very proud of how far I have come. I wouldn’t be able to do the things I can now do if it weren’t for CEA. Thanks for reading my little story on my time here at Rocky CEA and good luck to you.
